EXPERIENCE

Anesthesia Assistant

Queensway Carleton Hospital

2018-Present

Ottawa, ON

Increased efficiency and case start times, allowing for higher patient throughput and case volumes:

- Independently monitored, administered medications and performed interventions for patients undergoing general and regional anesthetics
- Responsible for maintaining adequate supply and function of emergency medications, supplies and devices

Anesthesia Assistant

Ottawa Heart Institute

2018-2019

Ottawa, ON

Facilitated care of high risk/critically ill patients by offloading responsibilities/patient care from attending anesthesiologist:

- Independent monitoring, medication initiation and titration of patients undergoing cardiopulmonary bypass
- Assisted anesthesiologist with central venous line insertion, pulmonary artery catheter placement and arterial/venous access using ultrasound

Anesthesia Assistant

Kingston Health Sciences Centre

2012-2018

Ottawa, ON

Developed pre-printed orders and medical directives for use by the anesthesia care team

- Assisted anesthesiologist with direct care of critically ill neonatal, pediatric and adult patient populations undergoing complex surgical/anesthetic procedures
- Education for staff, medical students, residents and respiratory therapy students

—— EDUCATION ——
